WASHINGTON, DC 20301-6000
May 5, 1999

MEMORANDUM FOR DISTRIBUTION

SUBJECT: Designation of Major Automated Information System Acquisition Programs/
Special Interest Initiatives and Related Oversight Requirements

This memorandum updates and replaces the list of DoD major IT investments contained in Deputy Assistant Secretary of Defense (C3I Acquisition) memorandum of February 27, 1998. These IT investments are divided into two categories: (1) major automated information system (MAIS) acquisition programs as defined in DoD 5000.2-R and (2) special interest initiatives.

Division E of the Clinger-Cohen Act of 1996 requires the DoD Chief Information Officer (CIO) to oversee all the Department's information technology (IT) investments. MAIS acquisition programs are subject to oversight by the Information Technology Overarching Integrated Product Team (IT OIPT). Special interest initiatives do not require IT OIPT oversight, but are subject to review by the CIOs of the DoD, Army, Navy, or Air Force.

All DoD CIO reviews of MAIS acquisition programs and special interest initiatives will address the requirements contained in the May 1, 1997, joint memorandum on "Requirements for Compliance with Reform Legislation for Information Technology (IT) Acquisitions (Including National Security Systems)."

The updated list of MAIS acquisition programs and special interest initiatives is provided in Attachment 1. The list identifies (1) ACAT IAM programs, for which the DoD CIO is the Milestone Decision Authority (MDA); (2) ACAT IAC programs, for which MDA has been delegated to the cognizant Component Acquisition Executive, and (3) special interest initiatives subject to DoD or DoD Component CIO review. For your convenience, the names and telephone numbers of the cognizant ASD(C3I) action officers are included. Please note that to the maximum extent practicable, individual ASD(C3I) action officers have been assigned oversight of affiliated programs/initiatives. These assignments should be considered as a first step in transitioning current OSD oversight from a narrow system focus to one more oriented towards portfolios of related programs/initiatives.

Effective the quarter ending June 30, 1999, a Defense Acquisition Executive Summary (DAES) shall be submitted for each MAIS Acquisition Program, instead of a MAIS Quarterly Report. Section 6.2.2. and Appendix I of DoD 5000.2-R contain guidance on DAES preparation and submission. For special interest initiatives, the management, oversight, and quarterly

reporting requirements will be tailored to the nature of the effort and structured to ensure that warfighter requirements are met. The assigned ASD(C3I) action officers will contact personnel within the Component responsible for the initiative to begin the tailoring process.

My action officer for this memorandum is Ms. Arnette Key at (703) 604-1472, e-mail: arnetta.key@osd.pentagon.mil.

A handwritten signature in black ink, appearing to read "Marvin J. Dangston". The signature is fluid and cursive, with a prominent "M" and "D".

Marvin J. Dangston
Deputy Chief Information Officer

Distribution List

Under Secretary of Defense (Comptroller)
Under Secretary of Defense (Personnel and Readiness)
Director, Defense Research and Engineering
Assistant Secretary of Defense (Health Affairs)
Assistant Secretary of Defense (Reserve Affairs)
Inspector General, Department of Defense
Director, Operational Test and Evaluation
Director, Program Analysis and Evaluation
Director, Defense Commissary Agency
Director, Defense Finance and Accounting Service
Director, Defense Information Systems Agency
Director, Defense Intelligence Agency
Director, Defense Logistics Agency
Director, National Imagery and Mapping Agency
Director, National Security Agency
Deputy Under Secretary of Defense (Acquisition Reform)
Deputy Under Secretary of Defense (Logistics)
Assistant Secretary of the Army (Research, Development, and Acquisition)
Assistant Secretary of the Navy (Research, Development and Acquisition)
Assistant Secretary of the Air Force (Acquisition)
Director, Joint Staff
Director, Acquisition Program Integration, OUSD(A&T)
Director, Defense Procurement, OUSD(A&T)
Director, Test Systems Engineering and Evaluation, OUSD(A&T)
